

## **IgeaCare Solutions Inc. emerges under new leadership and funding**

December 7<sup>th</sup>, 2009: Toronto, ON. IgeaCare Solutions Inc. is pleased to announce it has acquired the assets of the healthcare communications company previously operating as IgeaCare Systems Inc. The newly formed IgeaCare Solutions will now move forward under new leadership and funding.

IgeaCare Solutions Inc. has appointed Mr. Michael Rochon to the position of Chief Executive Officer. Under his direction, the new company will focus on providing a superior servicing and support model; fast and accurate delivery times; and stringent internal processes and quality control. IgeaCare Solutions Inc. will continue to build on existing relationships with key partners and suppliers while developing new relationships and opportunities.

“This is an exciting time for anyone focused on the healthcare industry. Advancements in technology are taking healthcare and health management to new levels,” says the newly appointed Michael Rochon, CEO IgeaCare Solutions Inc. “IgeaCare Solutions is poised to take a leadership role in providing emergency and communication solutions that improve the quality and efficiency of healthcare services. Together with our partners, stakeholders and team, we will continue to evolve and innovate in order to provide ‘best in class’ communication solutions for many years to come.”

IgeaCare Solutions, with its secure funding formula in place, will ensure continuity of supply and support of the igeacom installed base, product line, its peripherals, and integrated software solutions. Focus will also be placed on developing innovative expanded products and solution offerings. The much anticipated igeacom II, set for release in 2010, will be the next exciting addition to the IgeaCare portfolio of products.
